Nurse's Office

Vaccine reminder for parents of class of 2022

Ohio's immunization law requires that all students entering 12th grade must have received two (2) doses of the MCV4 (meningococcal serogroup A,C,W and Y) vaccine (for Meningitis).

Please note:

- * The second dose must be given on or after the 16th birthday
- * There must be at least 8 weeks between the first and second dose
- * If the first dose was given on or after the 16th birthday, a second dose is not required.

Your current 11th-grade son will need to show documentation of having received these immunizations by the time he returns to school in the fall. Please notify the school nurse if your son has already received the Meningitis vaccine(s), or to make arrangements for your son to receive the immunizations before the "rush" this summer. **If your son has already received the vaccines please send an updated immunization record to the nurse either through email sgeoppinger@lasallehs.net or fax to 513-741-2357.**

The Health Department provides the vaccine either free, for a nominal charge for children without insurance, or with Medicaid insurance. You may reach the Health Department at 513-946-7882 for additional information and their immunization clinic schedule.

If you have any questions please contact school nurse, Susan Geoppinger, directly at **513-741-2302** between 7:30 am - 3:00 pm.
