Mental Health Support

The La Salle High School Counseling Department offers your son academic, college/career and emotional support in a variety of ways. This includes collaboration and consultation with teachers and staff, individual check-ins on an as-needed basis and classroom guidance lessons. In the wake of the COVID-19 pandemic, the counseling department is looking to provide increased support by offering a school-wide mental health needs assessment and counseling groups for the 2021-22 school year. The mental health needs assessment will be distributed and collected electronically during an upcoming flex bell.

We emphasize that groups are for everyone and participating does not necessarily indicate a problem. We believe that all students can learn from and provide support for each other.

If you would NOT like your son to complete the mental health needs assessment and/or participate in counseling groups, please complete [this form](#) and email it to zschmucker@lasallehs.net by 9/29. Please visit our [website](#) for additional information.
